Dear Sir/Ma'am:

Greetings!

We have started the new school year and all the preparations for a better implementation have been done. There were a lot of learning experiences and we are sure that these would help toward the effective learning delivery for our students this school year.

In line with the United Nation's Sustainable Development Goal of providing quality education (SDG #4) and in celebration of Creotec's 6<sup>th</sup> year anniversary, we are glad to inform you that we are giving away **FREE CreoApps mobile applications in Math, Araling Panlipunan and Filipino** for Kinder to Grade 10 students in your schools.

We shall be giving 50 activation/serial keys per school that will allow your selected students to use the apps as supplement for their learning. We suggest that these be given to those who are challenged with regard to understanding the lessons in these three subjects. The interactive and gamified approach of the mobile applications shall help students who learn more with audio-visual and kinesthetic activities to better understand the lessons.

Thus, if you are interested, please let us know so we can provide the usage training for your teachers.

Please ask the Principals to register here to avail of this Anniversary Treat of Creotec - <https://forms.gle/Gs2ioYTgczd2yBzZ9>.

We ask that you send up to two representatives so that we can accommodate as many schools as possible. This offer is valid until Oct. 31, 2021 only.

The schedules to choose from are given below:

Oct. 20, 2021 - 1pm to 3 pm

Oct. 21, 2021 - 10am to 12 pm

The availment is for 50 CreoApps per school. The grade level can be decided by the Principal or the designated school representative.

We can sign an Adopt-A-School agreement to formalize our partnership for this Php75,000 worth of mobile applications.

We look forward to allowing us to fulfill our mission to help in providing quality education through our learning services with this partnership.

Thank you.
