Regional Director

Region 2, Cagayan

Sir:

The Philippine Professional Linkage from Various Disciplines Inc., once again is holding an **3-DAY ONLINE INTERNATIONAL TRAINING VIRTUAL WORKSHOP ON READING ON THE THEME: "A WORLDWIDE VIEW ON CURRENT READING PROBLEM" "CUM" THE NEW TECHNOLOGIES AND MULTIMEDIA FOR EDUCATION AND NON-TEACHING PERSONNEL** on June 17 – 19, 2022.

In this connection the different Schools Division Superintendent in your region perhaps will clamor that Philproflink will hold the webinar to break the gap brought about by the two-year lockdown. The learners were not given the usual face to face instruction and now that it has resumed the teachers were surprised at what the online-learning has done a very great damage to the learning prowess of the learners.

So that we can accommodate the non-teaching personnel we have incorporated topics about technology for them to be used in their work. So that teaching and non-teaching will profit from this webinar.

The world has discovered that the Filipino learners were very low in the different subject areas when there was a search about the outcome of the competition of the different countries. This news has a very damaging effect on the part of teachers because the results were blamed upon the teachers. So we want to erase this negative news about the very low achievement of the Filipino learners.

The new secretary of the Department of Education, is Vice President Sarah Z. Duterte and her dream is to really improve the capacity of children in the school to erase the negative impression of the world upon our learners that affect our teachers.

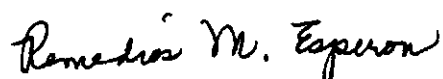

She has then promised teachers that she will raise their salaries to improve their living condition. Teachers are then motivated to reciprocate the goodness of the new DepEd Secretary as a result teachers will have to do their best by working doubly to make the learners globally competitive.

May the above explanation merit your positive response to our organization's request.

In this connection, may we request your office to please indorse the said webinar in your region. Attached are the different papers for your perusal.

Thank you and God speed.

Respectfully,

PROF. REMEDIOS MOLINA-ESPERON
